Please call us if you want to pay with a credit card. We accept VISA and MasterCard.

- 1] No mare shall be bred or palpated until Stallion Service Contract has been completed and signed, and the booking fee and chute fee have been paid.
- 2] Chute fee is for live cover breeding or artificial insemination on premises each heat cycle—includes semen collection and ultrasound. Does not include veterinary costs or drugs (i.e. to aid in ovulation or tranquilizers needed during breeding).
- 3] All other expenses, including board, veterinarian expenses, farrier fees, etc., are due and payable upon receipt of monthly statement. All fees (including stud fee balance) shall be paid in full prior to the mare's departure from breeding facility. If a monthly bill is not paid within 30 days, there will be an 18% per annum interest charge.
- 4] Mare must have proof of current Coggins test (if from state other than Montana) and be current on all vaccinations. If mare arrives without proof of Coggins and/or vaccination/deworming dates, mare will be tested and vaccinated upon arrival at mare owner's expense by the veterinarian. Sick mares will not be allowed on the premises. All mares (including maiden mares) to be live covered will need a veterinarian-signed negative uterine culture before they are allowed on the premises (this is for the safety of our stallion and your mare as well). Caslick sutures must be removed prior to arrival.
- 5] A copy of the mare's registration papers, front and back, must be returned with this contract.
- 6] A breeder's certificate will be issued by the stallion owner for each live foal born as a result of breeding services herein provided. All fees and expenses pertaining to this breeding must be paid in full prior to issuance of certificate.
- 7] Live foal guarantee by stallion owner is contained herein with return privilege for the year immediately following. "Live foal" means that the foal resulting from the breeding stands alone, nurses, and lives for 24 hours. If foal is born dead or dies within 24 hours this guarantee only applies if the mare owner a) notifies stallion owner within 72 hours after the time of foaling that the mare did not produce a live foal and b) within ten days after the mare owner's notice, the mare owner provides the stallion owner with a statement from a licensed veterinarian giving the particulars required to substantiate the failure of mare to produce a live foal. A replacement mare may be substituted at the stallion owner's discretion if the mare named in this contract is unsuitable for a rebreed. The chute fee along with any additional mare care will be due and payable on any rebreed.
- 8] It is understood that should Red die or become unfit for service, this contract shall become null and void and the stud fee less the booking fee shall be refunded to the mare owner.
- 9] Mare owner understands and agrees that neither stallion owner and/or their representatives will be held responsible or liable for any accident or sickness resulting in the death of the mare and/or foal. Furthermore, mare owner agrees that the above named parties may exercise their judgment in supervising and caring for mares and foals.

## Mare Owner Information

I, the below signed, have read this contract and agree to its contents. All information is true and correct and the above named mare shall be bred to **RED** in the 2012 breeding season.
